✓ *Abstract*

Egypt often referred to as the "Gift of the Nile," is a country that effortlessly blends ancient wonders with modern marvels. Nestled in the northeastern corner of Africa and bordered by the Mediterranean Sea to the north, Egypt is a country steeped in ancient history and timeless wonders. Renowned as the cradle of one of the world's oldest civilizations, Egypt's allure transcends time, drawing travelers from across the globe to marvel at its archaeological treasures, vibrant culture, and majestic landscapes. Egypt boasts a rich tapestry of history, culture, and natural beauty that has fascinated travelers for millennia.

Tourism plays a significant role in Egypt's economy, contributing to employment, revenue, and national development. With its wealth of archaeological sites, stunning landscapes, and vibrant culture, Egypt attracts millions of visitors from around the world each year.

Egypt, with its timeless wonders and rich cultural heritage, beckons travelers from every corner of the globe to explore its ancient mysteries and vibrant landscapes. Tourists visiting Egypt are drawn by a diverse array of attractions, ranging from iconic archaeological sites to bustling bazaars, pristine beaches, and vibrant cities. As one of the world's oldest civilizations, Egypt offers a captivating blend of history, culture, and natural beauty that leaves an indelible mark on all who journey to its storied shores.

Our program you seem to be a comprehensive solution designed to address the various challenges and needs faced by tourists in Egypt. Here's a breakdown of the key features and components mentioned:

Information about Egypt , Accommodation and Dining , Tourist Services , Embassy Information , Payment Methods , Cultural and Entertainment Content , User-Friendly Interface , Localization Features , Comprehensive Coverage , Facilitation of Movement , Cultural Immersion , Practical Information.

The program provides all possible services and information for tourists needed ,The program provides information about Egypt and the governorates of Egypt and the famous places in each governorate and the most famous hotels, restaurants and regions and also provides a system of trips belonging to tourism companies that tourists can join to facilitate movement and access to places ,and program also provides places of embassies and how to reach them ,and program also provides the easiest payment methods for tourists and there are also the most famous Egyptian songs and Egyptian singers inside the program.

The program covers and includes everything that tourists may need in Egypt.

✓ *Acknowledgment*

Thanks to God, the most Gracious, the Most Merciful, who gave us the patience and endurance to complete this work. All thanks to our college for providing the devices and capabilities that helped us to teach in an excellent way.

And all the form of the doctors and teaching assistants to help us learn and acquire experiences and to direct us to the right path and respond to our repeated questions with love and patience.

All thanks for them and specially our supervisor **Dr/ Amgad Monir**, who had the knowledge to teach us what we need to know, and the wisdom to let us to learn for ourselves. So, special thanks to our supervisor who helped us from the first second to the last one, who gives the courage and boldness to take right steps without any fear from our failure and frustration at the beginning, and still on this case until we go ahead on right way. We also dedicate it to everyone who helped us throughout the course of development of this project. Without your help, we would not have succeeded.

Chapter 1 Introduction

1.1 - Problem Definition

While Egypt is a popular tourist destination with its rich history, cultural attractions, and natural wonders, tourists may encounter various challenges during their visit. Here are some common problems that tourists in Egypt may face:

Main Problem “Lack of Information”:

Tourists may struggle to find accurate and up-to-date information about various aspects of their trip, including transportation schedules, cultural events, or local regulations.

The problem is that many tourists come to Egypt for tourism, but they do not have full knowledge of all the touristic places of Egypt, and also the majority of them know only famous places such as the pyramids in Cairo or the Library of Alexandria in Alexandria and other famous places, but there are archaeological places and areas in Egypt that tourists do not know about.

Like the desert of Egypt or Wadi Alrayan in Fayoum or the city of Dahab and the Red Sea and other archaeological areas the program makes full coverage of all the areas that tourists know and that they don't know

Other Problems:

And also, there is the problem of accommodation, transportation, and the choice of trips, and the problem is that there are some tourists who need their own tour guide, in our website “Travel to Egypt” we tried to solve this problems

– How to Solve the Problem

Our website is taking a comprehensive approach to address the lack of information and enhance the overall tourist experience in Egypt. Here's a breakdown of how our site is tackling the mentioned problems:

- Detailed Information on Touristic Areas:**

By providing pages for each Governorate with information, photos, location, opening hours, price of tickets and place reviews about all touristic areas and places, your website ensures that tourists have access to a wealth of information about both well-known and lesser-known destinations in Egypt.

- Seeing pictures of Egyptian landmarks without knowing their name or where they are located:**

By applying an Artificial Intelligence method, this problem was solved by uploading a picture of any tourist landmark and predicting the name of this landmark and its location on the map.

- Group and Individual Trips:**

Offering both group and individual trips through your website is a practical solution to facilitate tourists' movement within different regions of Egypt. Collaborating with a real tourism company adds a layer of reliability and ensures a seamless experience for the travelers.

- **Experienced Tour Guides:**

The option to choose from multiple experienced tour guides gives tourists the flexibility to tailor their experience based on personal preferences and interests. This personalized approach enhances the quality of their journey.

- **Information about embassies, obtaining a visa, and changing currency.**

We aim to provide all information related to travel, such as embassy information, obtaining a visa and changing the currency against the Egyptian pound, taking into account daily changes in currency rates.

- **Pages for the most famous Egyptian foods and songs.**

- **User reviews and ratings for each place and tour guide.**

- **Arabic language support:**

Providing a page with the most famous words in the Arabic language

1.2 –Motivation

Our motivations for creating the "Travel to Egypt" website are admirable and align with the broader objectives of promoting tourism and enhancing the positive image of Egypt. Here's a breakdown of the key motivations and goals:

Making tourists comfortable and happy during their stay in Egypt and made them love Egypt and come again this will benefit in stimulating tourism in Egypt and making Egypt's image great in front of the outside world.

We encouraging repeat visits so we want every tourist who comes to Egypt and follows our website when he goes to his country to talk about his trip in Egypt through our website in terms of providing everything that any tourist wants when he comes to Egypt.

Our ultimate goal is for "Travel to Egypt" to be the immediate and preferred choice for anyone planning a visit to Egypt. This requires building trust, providing reliable information, and consistently delivering a positive user experience.

So, when anyone decided to visit Egypt immediately, he will choose

“Travel to Egypt”

Chapter 2 Previous works

2.1 -Project Overview

Egypt is a country with a rich history and diverse cultural heritage, making it a popular destination for tourists from around the world. Here are some key aspects of tourism in Egypt:

- **Pyramids of Giza:** The Great Pyramid of Giza is one of the Seven Wonders of the Ancient World. The complex also includes the Sphinx and other pyramids.

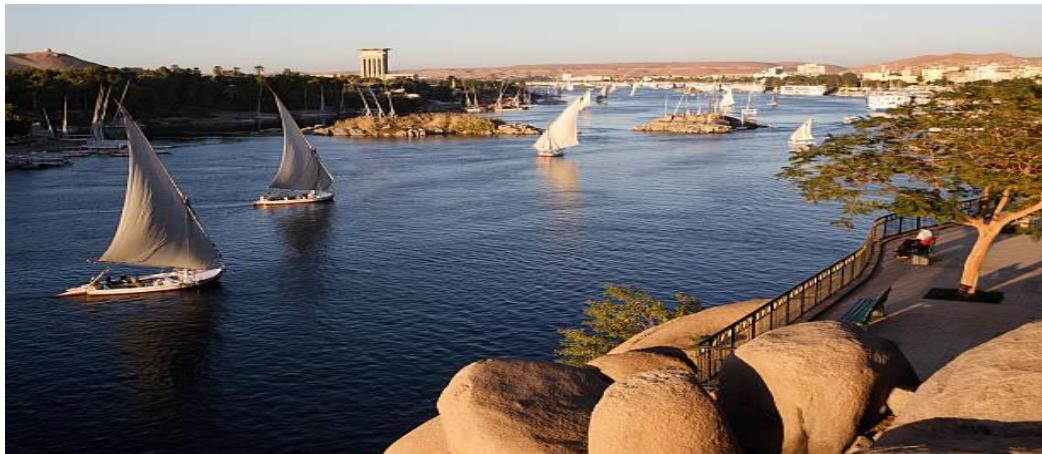

- **Cairo:** The capital city offers a mix of modern and historic attractions, including the Egyptian Museum, Islamic Cairo, and the bustling Khan El Khalili market.

- **Alexandria:** this coastal city is known for its historical sites like the Catacombs of Kom El Shoqafa, Qaitbay Citadel, and the Bibliotheca Alexandrina.

- **Aswan:** Highlights include the High Dam, Philae Temple, and the Unfinished Obelisk.

- **Luxor:** Known as the world's greatest open-air museum, Luxor is the home to Valley of the Kings, Karnak Temple, and Luxor Temple.

- **Red Sea:** Coastal areas like Sharm El Sheikh and Hurghada are renowned for their beautiful beaches, coral reefs, and vibrant marine life. They are popular destinations for diving and snorkeling.

- **Desert:** The Western Desert and Sinai Peninsula offer opportunities for desert safaris, camel treks, and visits to unique oases like Siwa.

When tourists come to visit Egypt and these great places they may face some different problems and this is the idea and basis of our belief is to help and provide all the necessary services that tourists in Egypt can need:

- **Information about Egypt:** Detailed information about Egypt's governorates, famous places, and essential details provide valuable insights for tourists.

Tourist Services: A group of tourism services, including trips organized by tourism companies and our website to facilitate movement and access to different places within Egypt.

Comprehensive coverage: It includes all aspects that tourists may need during their stay in Egypt, creating a comprehensive solution to their needs.

- **Facilitating movement:** Providing a travel system and information on how to reach different places contributes to the ease of movement of tourists, which enhances their overall experience.
- **Cultural immersion:** Emphasizing cultural immersion by including the most famous songs and foods, which provides tourists with a glimpse into the rich Egyptian cultural heritage.
- **Practical information:** Providing practical information, such as embassy locations and payment methods, covering the basic aspects of travel, which enhances the overall visiting experience.

2.2– Project Main Idea

Our project main idea is to address the various challenges that tourists may encounter when visiting Egypt and to provide a comprehensive solution through a program that offers a wide range of services and information. This program aims to assist tourists by providing them with essential information about Egypt, facilitating their movement within the country, offering necessary tourist services, ensuring safety through embassy information, simplifying payment methods, and enhancing their cultural immersion. The emphasis is on creating a user-friendly and comprehensive platform that caters to the diverse needs of tourists, thereby enhancing their overall experience in Egypt.

2.3– Project Goal

The goal of the provided topic is to improve the tourist experience in Egypt by addressing common challenges and providing comprehensive support and services. This includes offering detailed information about Egypt's attractions, facilitating movement within the country, ensuring safety through embassy information, simplifying payment methods, enhancing cultural immersion, and providing practical information to enhance the overall visit. The overarching aim is to create a seamless and enjoyable experience for tourists, ultimately promoting Egypt as a desirable tourist destination and fostering positive perceptions of the country.

And our main goal is to make “Travel to Egypt” in all over the world.

2.4–Features

Every year, countless tourists flock to Egypt, drawn by the allure of its ancient wonders, rich history, and vibrant culture. However, amidst the excitement of exploring these great places, visitors often encounter various challenges that can dampen their experience. Recognizing these obstacles as opportunities for improvement, our belief is rooted in providing comprehensive support and services to ensure that tourists in Egypt have everything they need for a seamless and memorable visit.

The features highlighted in the provided topic aim to enhance the overall tourist experience in Egypt by addressing various challenges they may encounter during their visit. Here's a breakdown of the features:

- **User-Friendly Interface:** Designing the program with a user-friendly interface makes it accessible and easy for tourists to navigate and access the information and services they need.
- **Information about Egypt:** Detailed information about Egypt's governorates, famous places, and essential details provide valuable insights for tourists.
- **Tourist Services:** A group of tourism services, including trips organized by tourism companies and our website to facilitate movement and access to different places within Egypt.

- **Embassy Information:** Providing information about embassies and guidelines on how to reach them addresses tourists' safety and assistance needs.
- **Weather Information:** Providing information about climate changes in Egypt, allowing tourists to know the temperatures and climate conditions throughout the year.
- **Providing all types of tourism:** Egypt is famous for containing several types of tourism, such as astronomical, therapeutic, religious, cultural and recreational tourism.
- **Currency conversion:** By using an API method to Simplifying knowledge of currency rates against the Egyptian pound by providing a specialized page that keeps pace with daily changes in currency rates.
- **Landmark Detection:** Using one of the methods of artificial intelligence, we called on a trained model to detect information about Egyptian landmarks through pictures to facilitate the tourist's knowledge of places through the pictures he sees of Egypt.
- **Book a tour guide:** We have appointed several tour guides within the site by reviewing their CVs. We have created profiles for each tour guide to display for the tourist so that he can wander among them and see their details and ratings to choose a suitable guide for them.

- **Payment Methods:** Simplifying the payment process for tourists by using an Application Programming Interface (API) that connects to the Paymob payment gateway to provide a payment interface to be used to complete the payment process smoothly and easily for the tourist.
- **Entertainment Content:** Providing a method of translating hieroglyphs from English to narrating their names in the ancient Egyptian language adds entertainment value for tourists.

2.5–Project Tools

- ✓ HTML
- ✓ CSS
- ✓ JavaScript
- ✓ Bootstrap
- ✓ Node JS
- ✓ Mongoose (For building a Database)
- ✓ Figma (For UI&UX)

- ✓ Express (To build pages and hybrid web applications)

- ✓ Multer (For Uploading files or images)

- ✓ Passport (To authenticate requests for using APIs)

- ✓ Handlebars (to render web pages to client side from server side)

Chapter 4 Theoretical Consideration

This chapter will include the following:

- *Tourist requirement definition*
- *Tour guide requirement definition*
- *System requirement specification*
 - Functional requirement.
 - Non-functional requirement
- *System model*
 - Use case diagram
 - Sequence diagram
 - Context diagram
 - Class diagram
 - Entity relation diagram
 - Data flow diagram

4.1-Tourist Requirement Definition

1- Sign up

Allows new tourists to fill registration form which contains information such First-name, Last-name, User-name, Mobile number, Country and Password to create new user account.

2- Login

Allows registered tourists to log in to their profile and access their home page, profile, etc.

3- Contact with admins

Allows tourists to contact with admins through “Contact” page.

4- Book a Tour Guides

Allows tourists to search for **Tour Guides** to communicate and deal with them.

5- View Information about Egypt.

Tourists can search and see any information about governorates and tourist places.

6- Editing Tourist profile

It contains all information related to the tourist.

7- Add a review

Tourists can add comments and rate any governorate, tourist place, or tourist guide.

8- Pay for a trip

Tourists can view and book trips by paying for them.

9- Guess the landmarks

Tourists can upload a photo and the AI model will predict the name of the place and its location on the map.

10- Translation into hieroglyphs

Tourists can translate from English to hieroglyphics to see their names in the ancient Egyptian language.

4.2-Tour guide Requirement Definition

1- Sign up

Allows new tour guides to fill registration form which contains information such First-name, Last-name, User-name, Password, Mobile number, Governorate and CV to create new tour guide account.

This tour guide account will be blocked until an Administrator accepts and activates it

2- Login

Allows registered tour guides to login to their profile and access their home page, profile, etc.
(When the admin activate the account)

3- Contact with admins

Allows tour guides to contact with admins through {Contact} page.

4- Respond to tourists messages

Tour guides can only respond to the tourists messages

5- View Information about Egypt.

Tour guides can search and see any information about governorates and tourist places.

6- Editing Tour guides profile

It contains all information related to the Tour guides.

7- Guess the landmarks

Tour guides can upload a photo and the AI model will predict the name of the place and its location on the map.

8- Translation into hieroglyphs

Tour guides can translate from English to hieroglyphics to see their names in the ancient Egyptian language.

4.3-System Requirement Definition

4.3.1Functional Requirement:

1- Sign Up (register page)

The tourist does this in the application, which is to create an account for him, so he must fill in the text fields of the registration page

The tour guide fills out the required fields and upload his/her CV so that he can apply to become one of the site's guides, and he cannot log in until he is accepted by the admin.

2- Login page

After user create account he want to login in application so he / she must be full the text fields of login page

- Email that must be the same email that he register in sign up page
- Password that must be the same password that he registers in sign up page

3- User profile

○ Tour Guide profile

It is the page where tour guides can view and modify their information:

- Photo
- Name
- Username
- Governorate
- Gender
- Bio
- Facebook link
- Instagram link
- LinkedIn link

It also displays his qualifications for the job (Timeline section)

- Languages
- Experience
- Hourly Rate
- Total Tours
- English Level
- Availability

Show his messages from tourists only and respond to them

- **Tourist profile**

It is the page where tourists can view and modify their information:

- Photo
- Name
- Username
- Country
- Gender
- Bio
- Facebook link
- Instagram link

Show his messages and respond to them

4- Information about Egypt

Admin can add any new places or information about Egypt at any time to be viewed to tourists in these pages:

- Governorates page
- Places page
- Food page
- Music page
- Trip
- Tour guides page
- Embassies page
- Companies page

There are other pages that display fixed information or services that the administrator cannot change:

- weather page
- travel tips page
- travel visa page
- Astro-Tourism Guide page
- Currency Exchange page
- Translate into Hieroglyphs page

5- Dashboard (Admin section)

In this part, the admin can delete, modify, or add any information on the site.

The dashboard contains:

- Tourist Accounts table
- Tour guide Accounts table
- Admin Accounts table
- Governorates table
- Places table
- Food table
- Music table
- Trip table
- Trip details table
- Embassies table
- Companies table

Admins can check tour guides CVs and accept them by Activate their accounts.

They can also view all invoices for the trips booked to send to the tour operators to ensure the authenticity of the tourists booked on the trip

6- Tour guides booking

Tourists can search for tour guides to choose one,

By entering their accounts and seeing their ratings and qualifications,

They can also open a chat between them to begin communicating (note: the tourist is the one who initiates communication first, so the tour guide can only respond to him).

7- Payment methods

By using APIs, we were able to provide a reliable payment gateway for tourists to pay via Visa

In addition to another international method of payment, we have opened a PayPal account to facilitate the payment process for tourists

8- Currency Exchange

Using the features of artificial intelligence, on this page, we summoned a model trained on all images of Egyptian landmarks

We enter the picture as an input and it predicts the name of this place and determines its location on the map

4.3.2 Non Functional Requirement:

1- Usability

The website is easy for use.

- Our main goal in Travel to Egypt is to provide simple and modern website that can help tourists , also make it comfort to tourists to perform any information's he/she want .
- We provided also simple way to navigate between all app pages and functionalities with just one click “by bottom navigation bar”.

2- Reliability

Reliability, in the context of a website about tourism in Egypt, refers to the trustworthiness and accuracy of the information provided to potential travelers or tourists. A reliable tourism website for Egypt should offer factual, up-to-date, and comprehensive details about destinations, attractions, accommodations, transportation options, safety tips, local customs, and any other relevant information that travelers might need to plan their trip effectively.

3- Readable Results

Readable results in the context of a website about tourism in Egypt typically refers to how easily visitors can access and understand the information presented on the website.

4- Efficiency

Efficiency in a website about tourism in Egypt refers to how effectively and smoothly the website facilitates the user's journey from initial exploration to obtaining relevant information and possibly making bookings or inquiries. Efficiency in a tourism website about Egypt ultimately aims to provide visitors with a seamless and pleasant experience, encouraging them to engage with the content, plan their trip effectively, and potentially convert their interest into bookings or inquiries.

5- Security

Security in a tourism website about Egypt is crucial not only for protecting users' personal information and financial transactions but also for maintaining trust and credibility among potential travelers who rely on the website for planning their trips safely and securely.

6- Performance

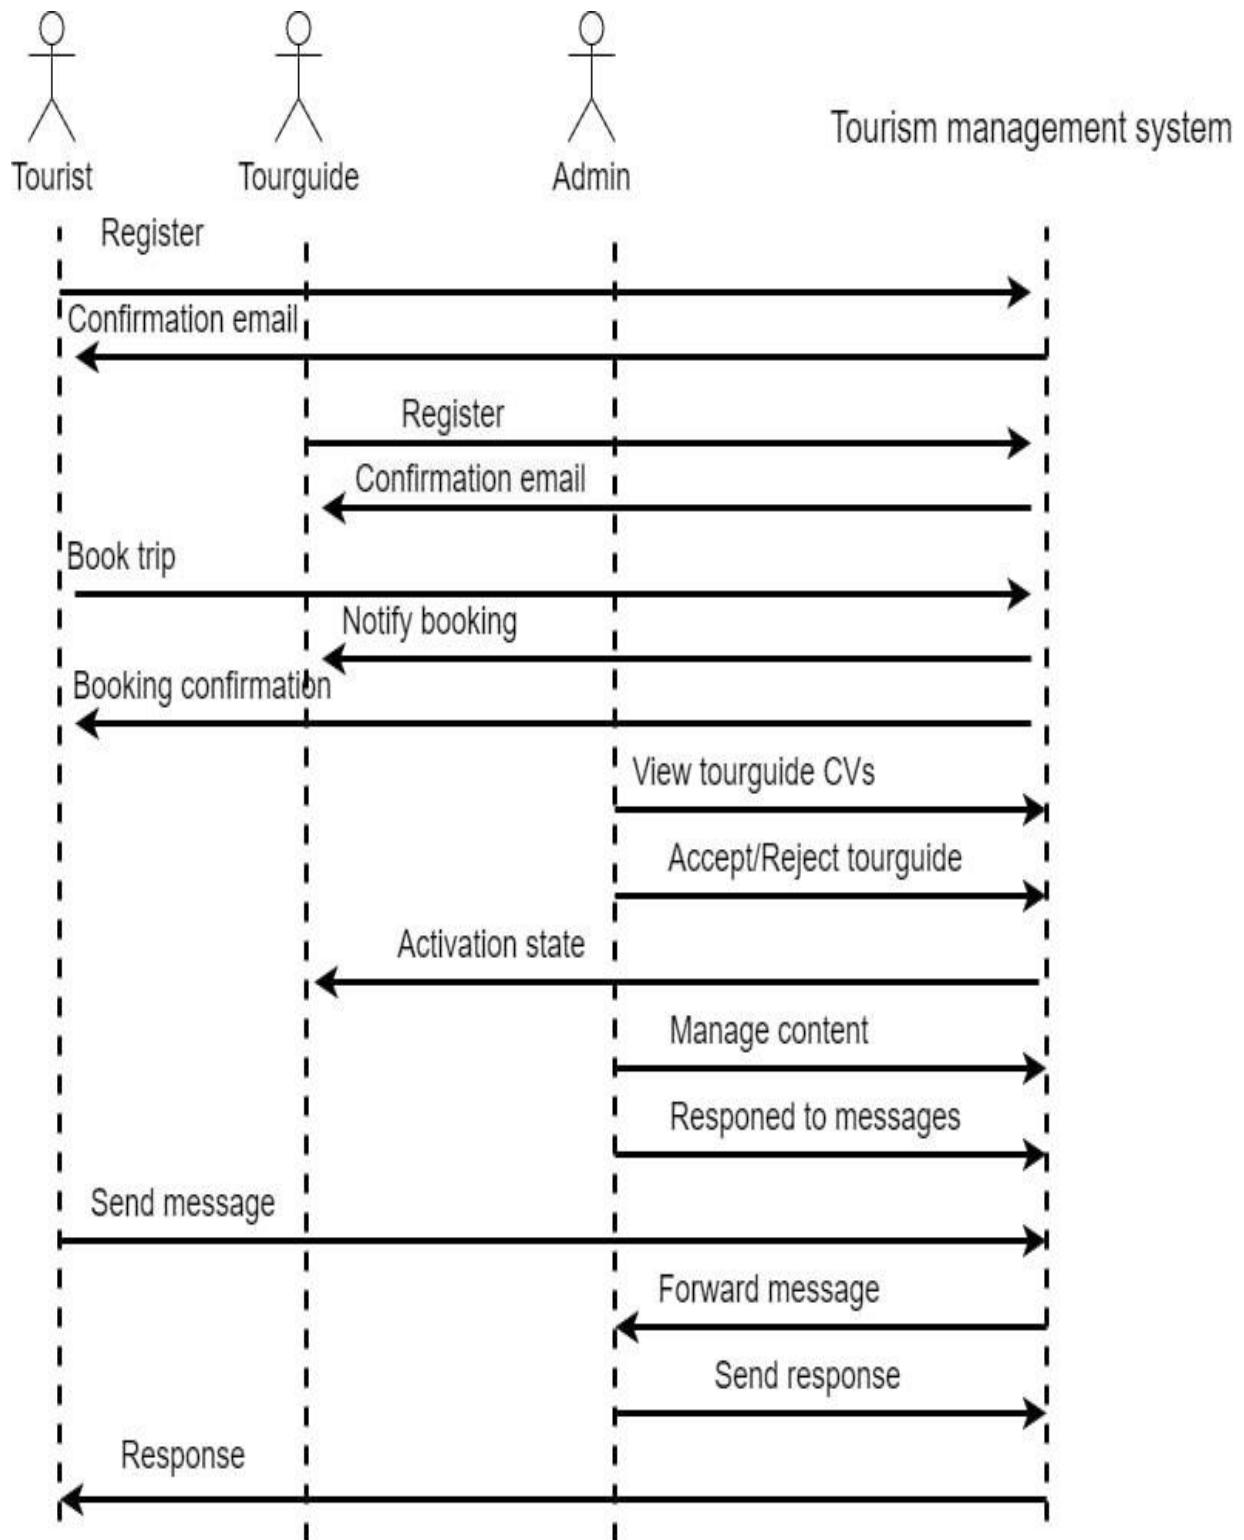

Performance in a tourism website about Egypt is crucial for providing visitors with a seamless and enjoyable experience, encouraging them to explore the destination, access relevant information easily, and potentially convert interest into bookings or inquiries.

4.4-System model

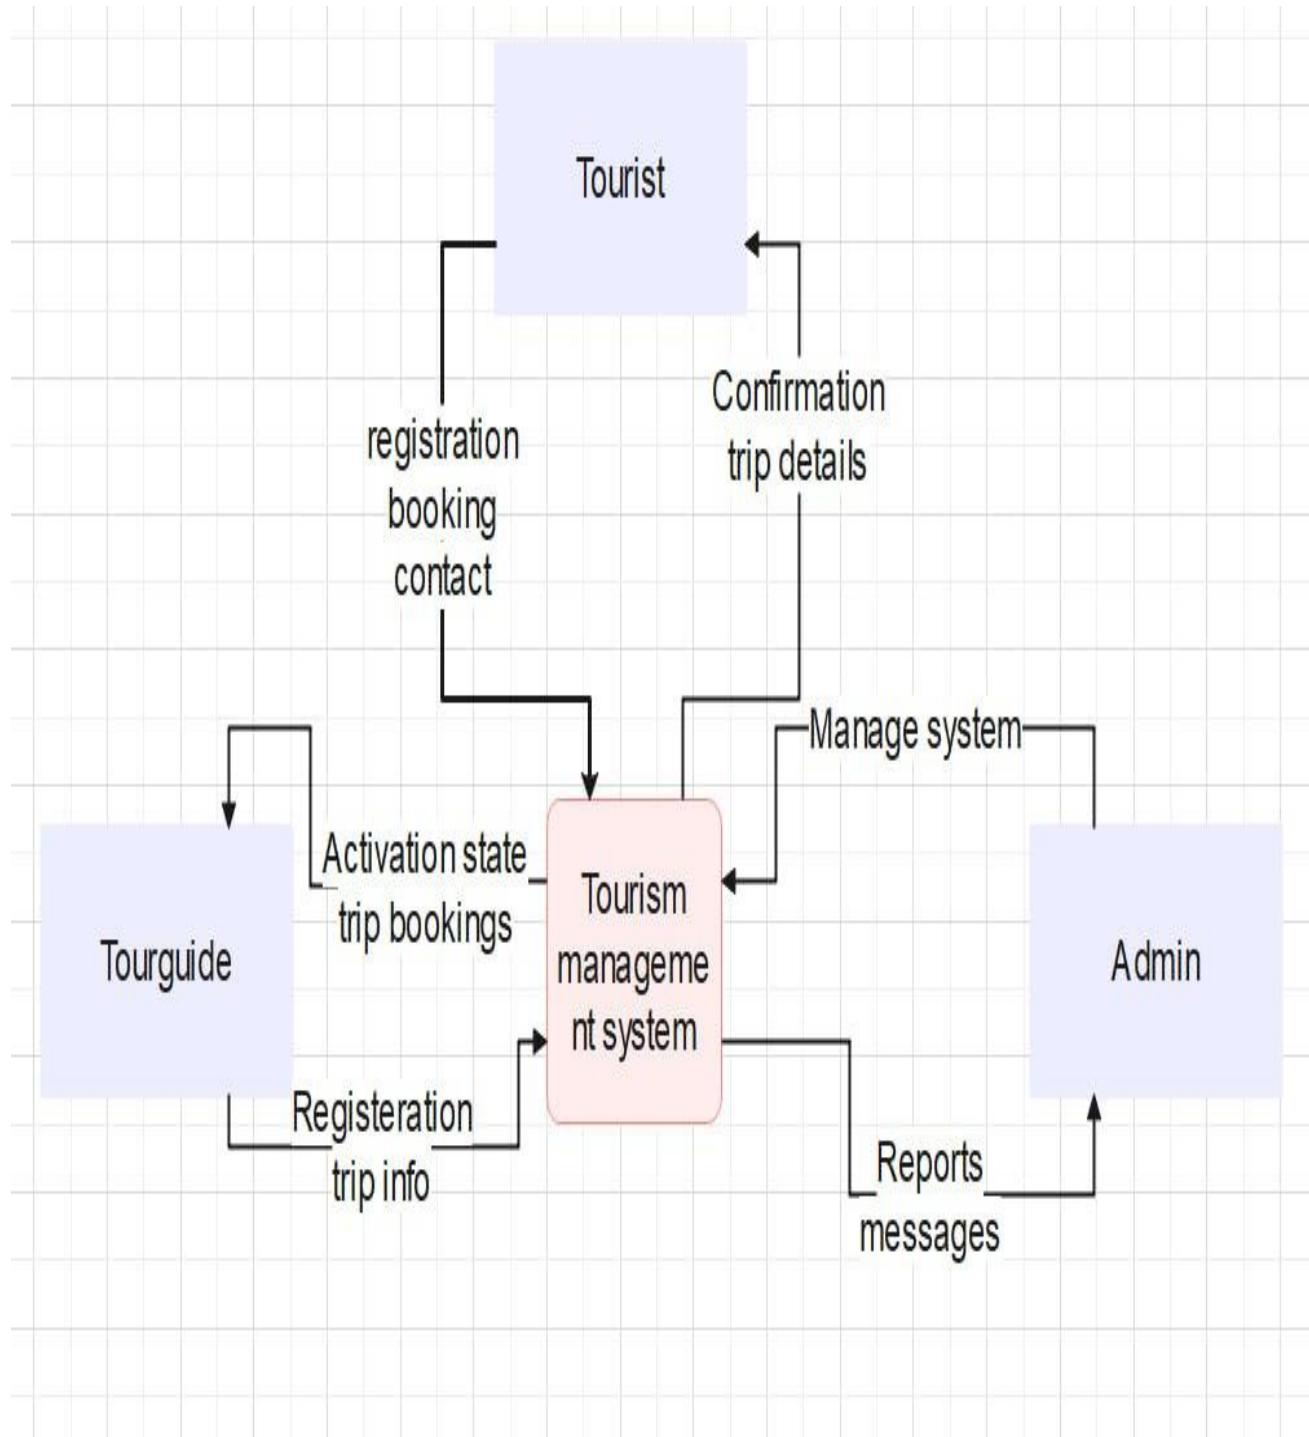

4.4.1 Use case diagram

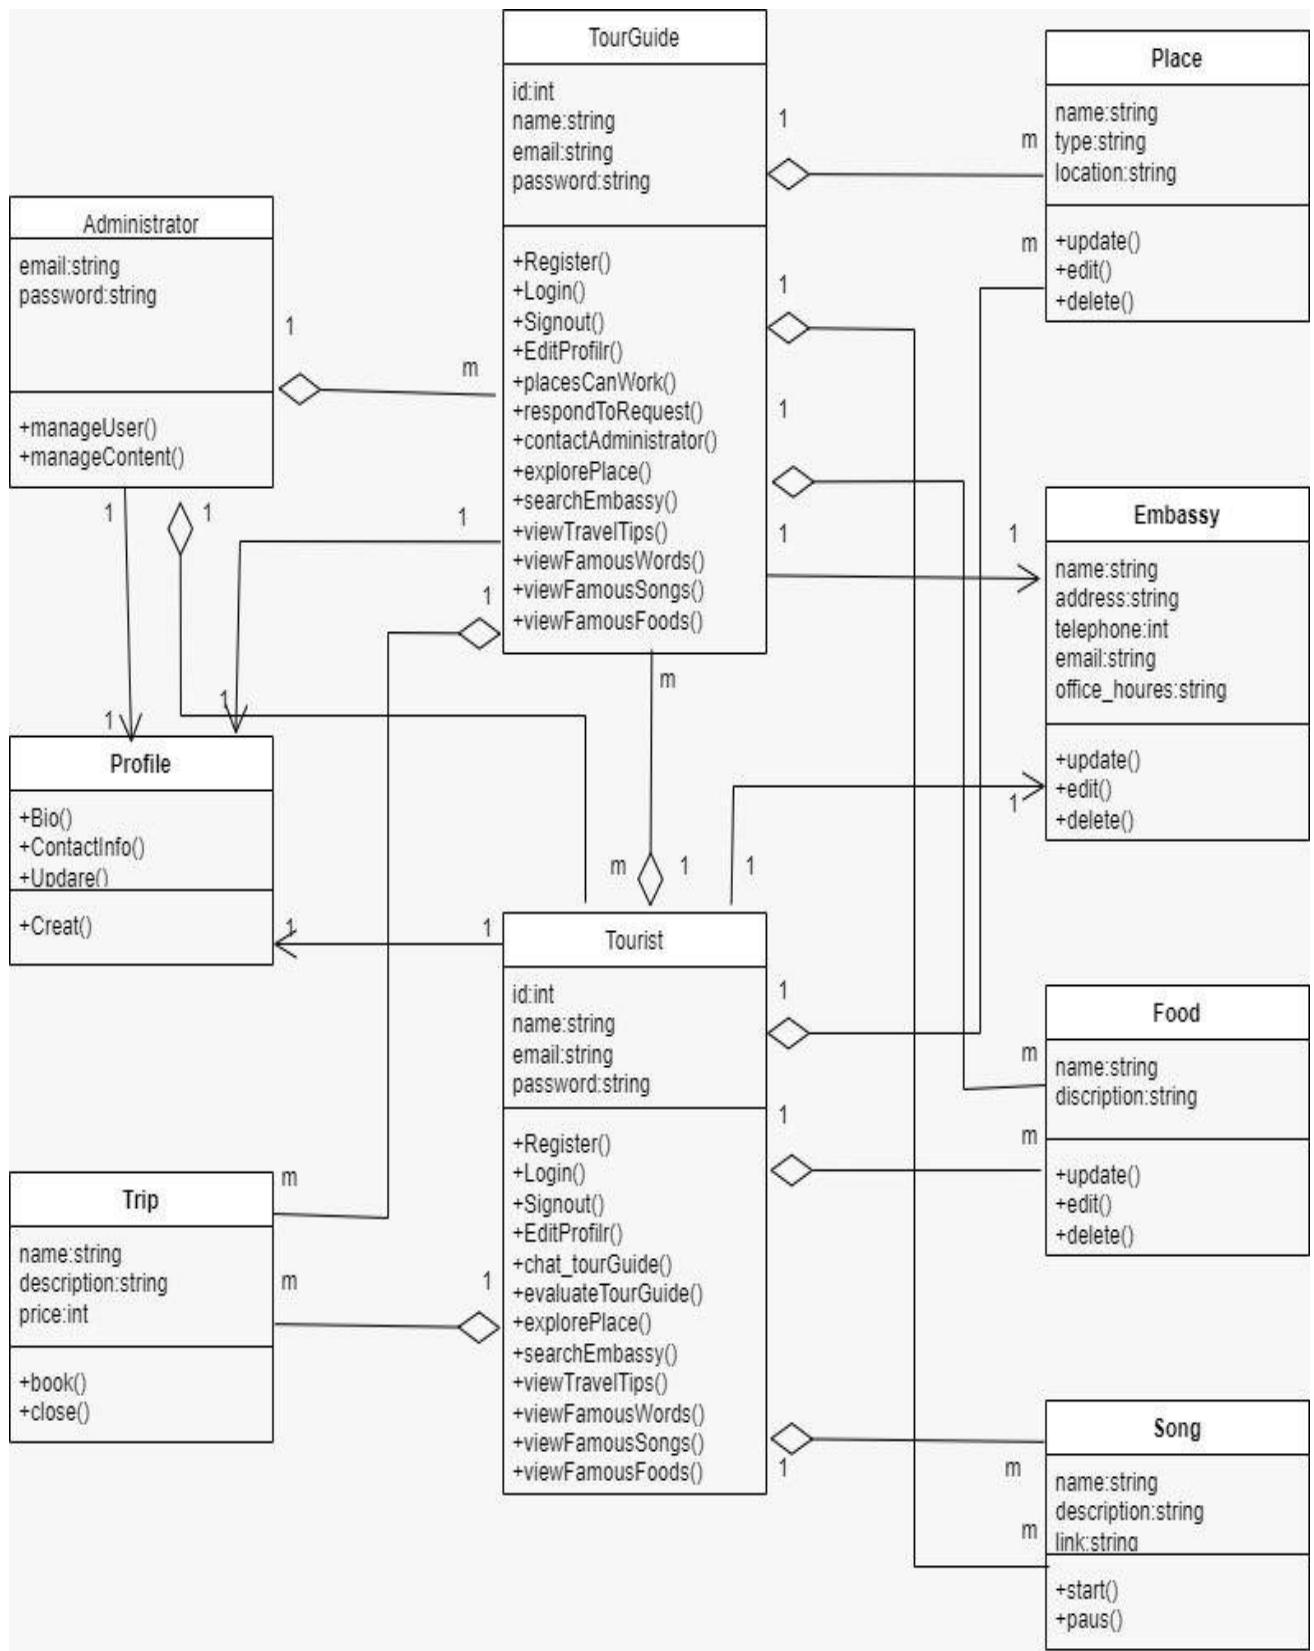

4.4.2 Sequence diagram

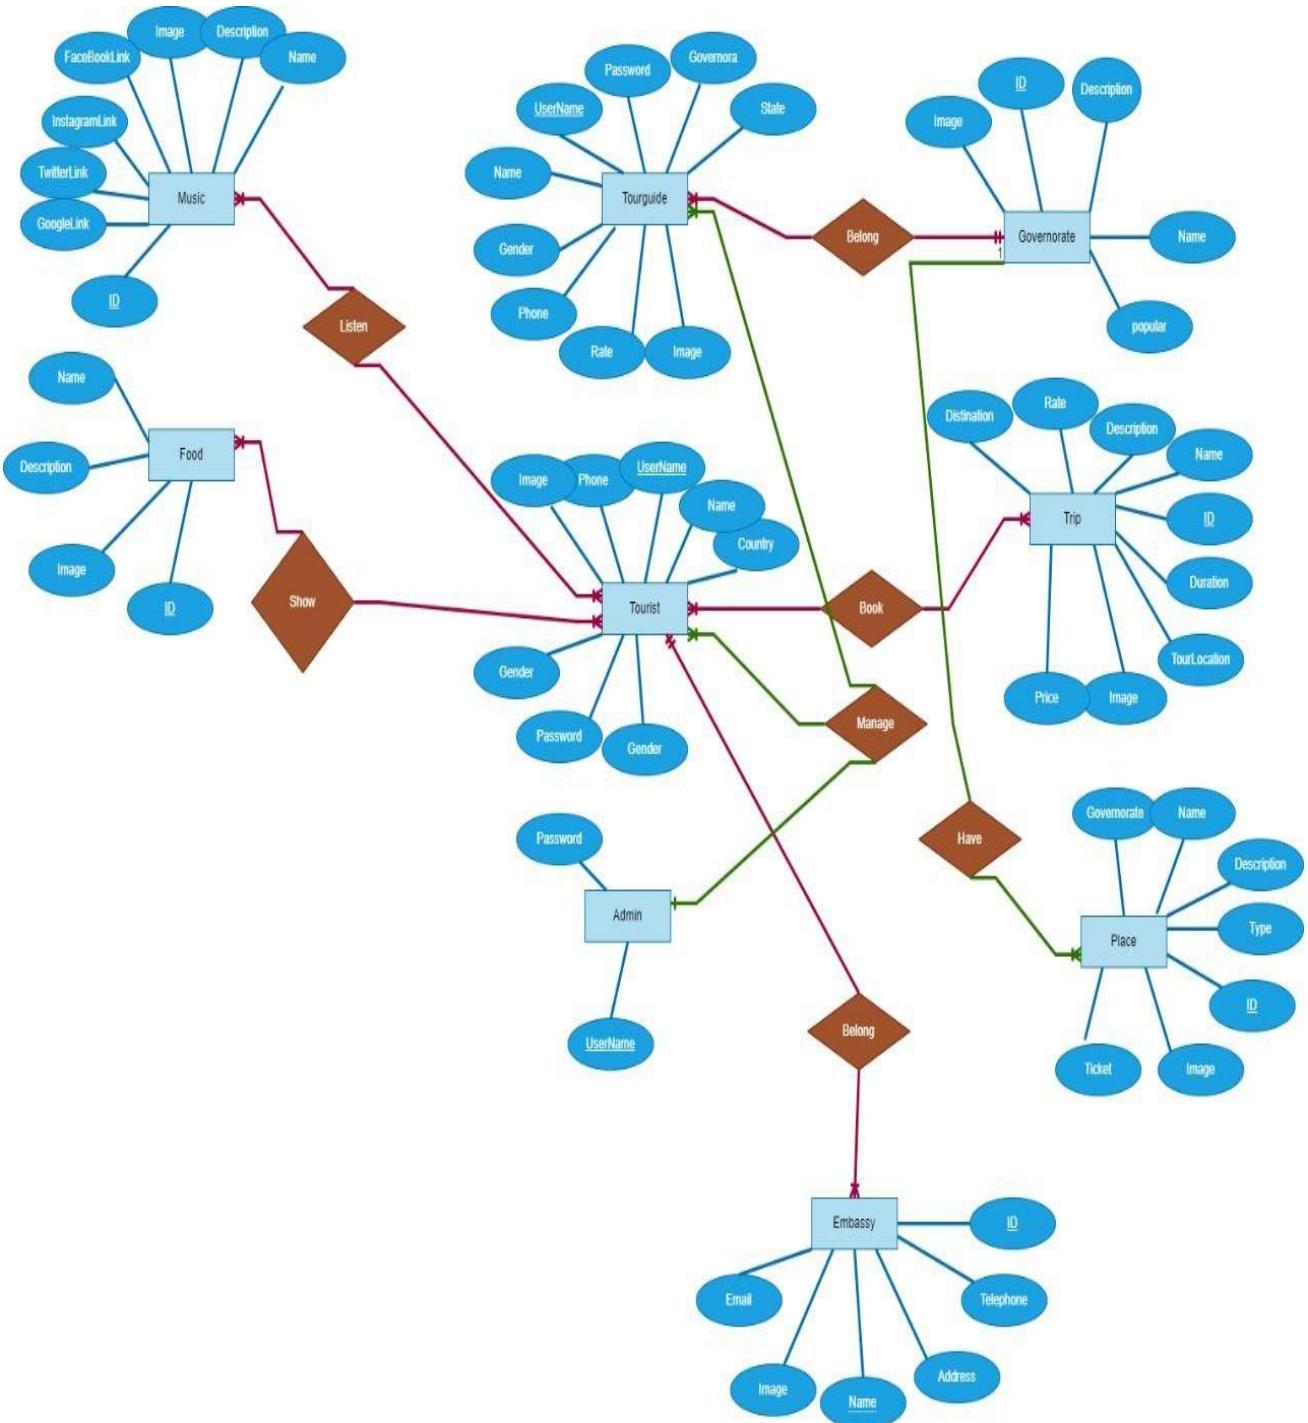

4.4.3 Context diagram

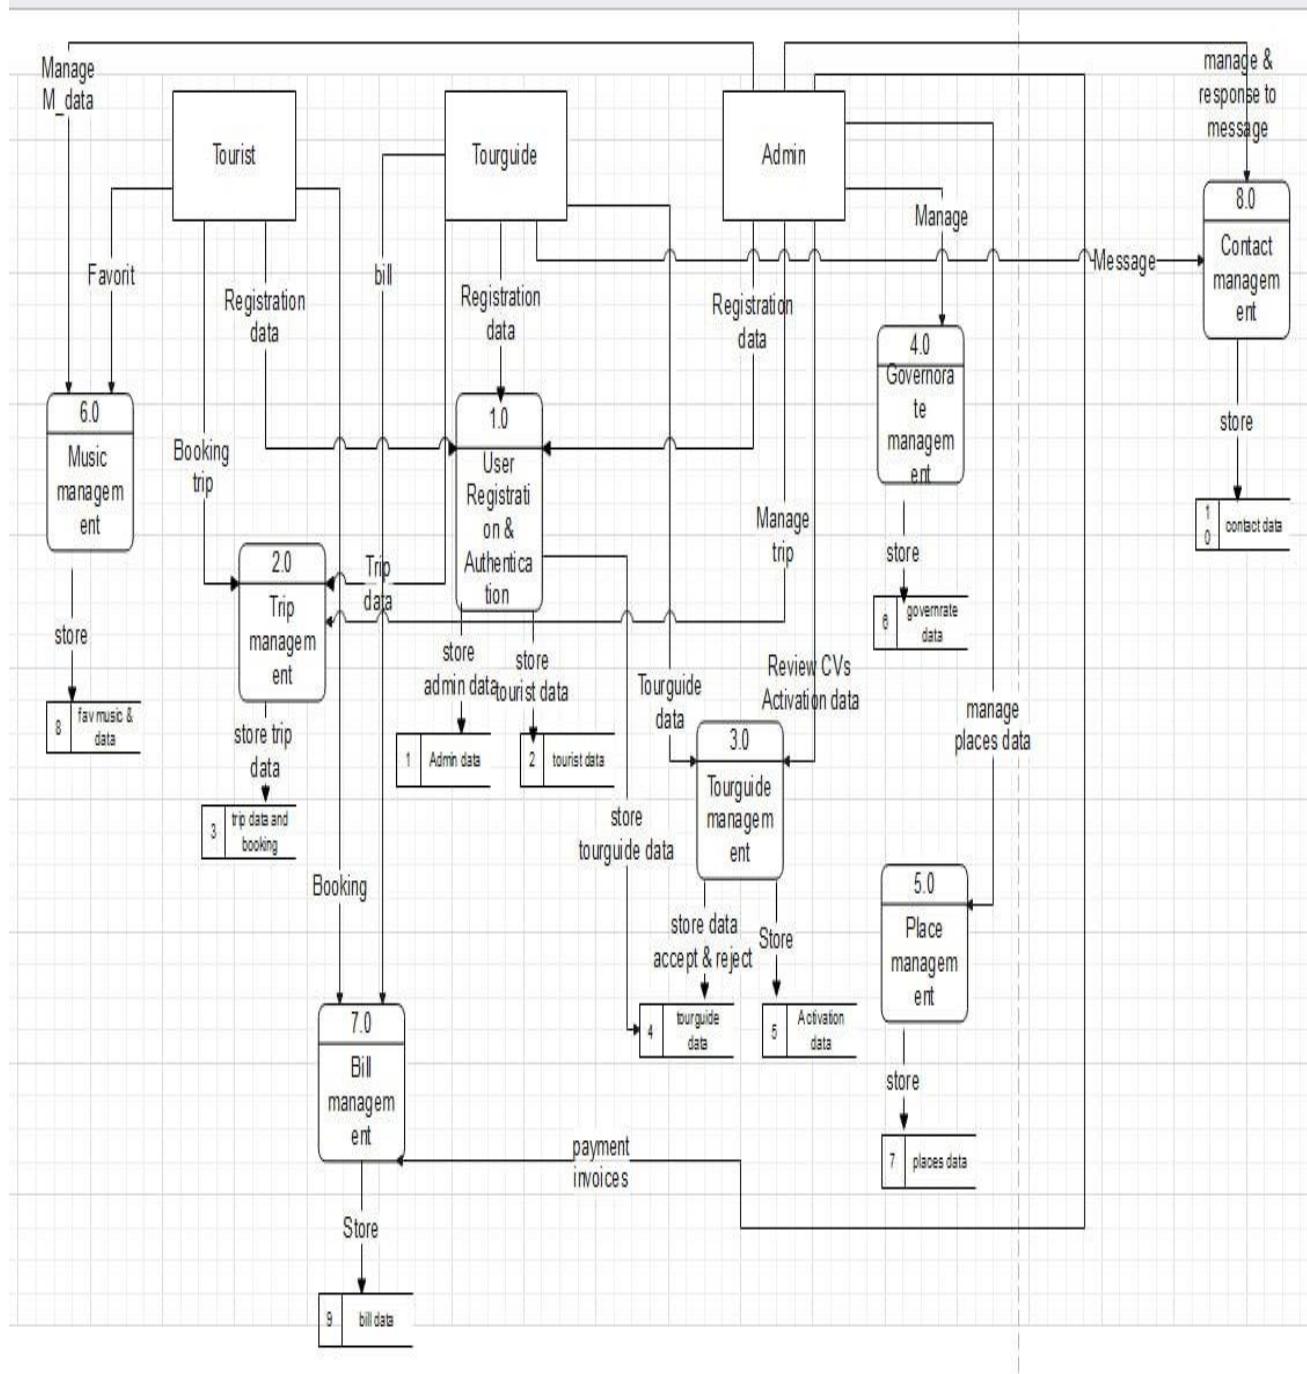

4.4.4 Class diagram

4.4.5 Entity relation diagram

4.4.6 Data flow diagram

Chapter 5

Over view &

Testing

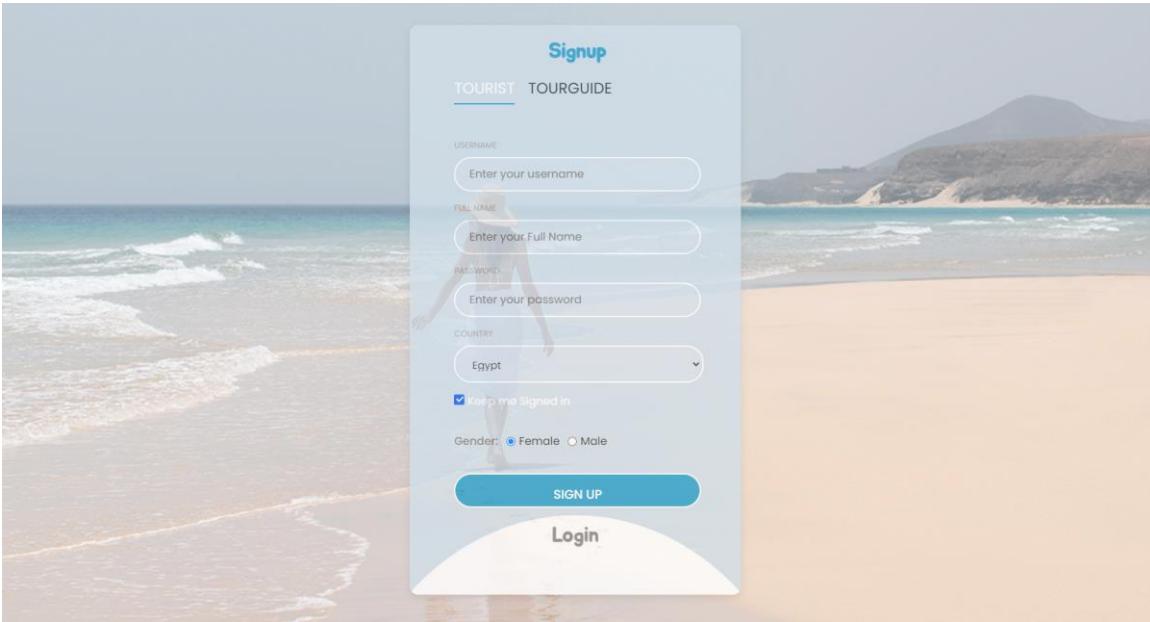

5.1 Programming languages and Frameworks

- ✓ HTML, CSS, and JavaScript
- ✓ Node JS Framework, Python and Streamlet
- ✓ Mongoose Database Management System

5.2 Application Essentials

5.2.1 Front-End Implementation

- ✓ Sign up page

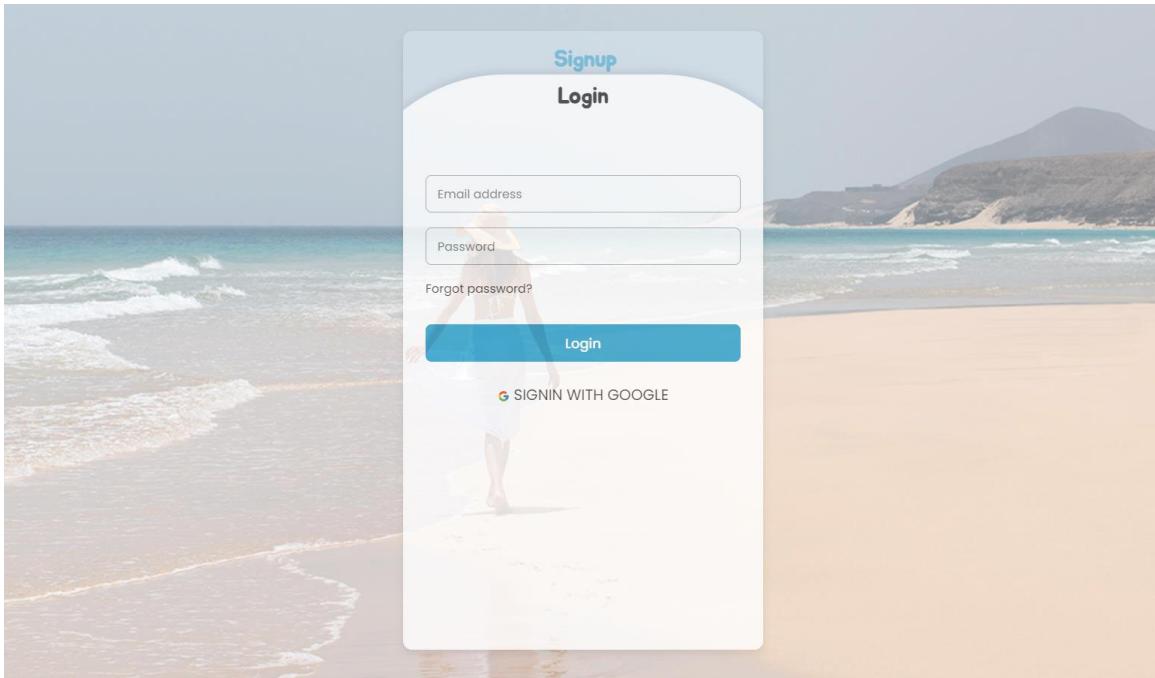

- ✓ Login page

The first page of our website appears to be a sign-up form designed for two types of users: tourists and tour guides. The form is set against a beach background, giving it a vacation-themed appearance.

Here's a detailed description of the page:

- *Page Title*: Signup
- *Tabs*: There are two tabs at the top of the form for users to choose between "TOURIST" and "TOURGUIDE".
- *Fields*:
 - *Username*: A text input field for entering a username.
 - *Full Name*: A text input field for entering the user's full name.
 - *Password*: A text input field for entering a password.

- ***Country***: A dropdown menu for selecting the user's country, currently defaulted to Afghanistan.
- ***Options***:
 - ***Keep me Signed in***: A checkbox for staying signed in on the device.
 - ***Gender***: Radio buttons for selecting gender, with options for Female and Male.
- ***Buttons***:
 - ***Sign Up***: A button to submit the form and create a new account.
 - ***Login***: A link to navigate to the login page for existing

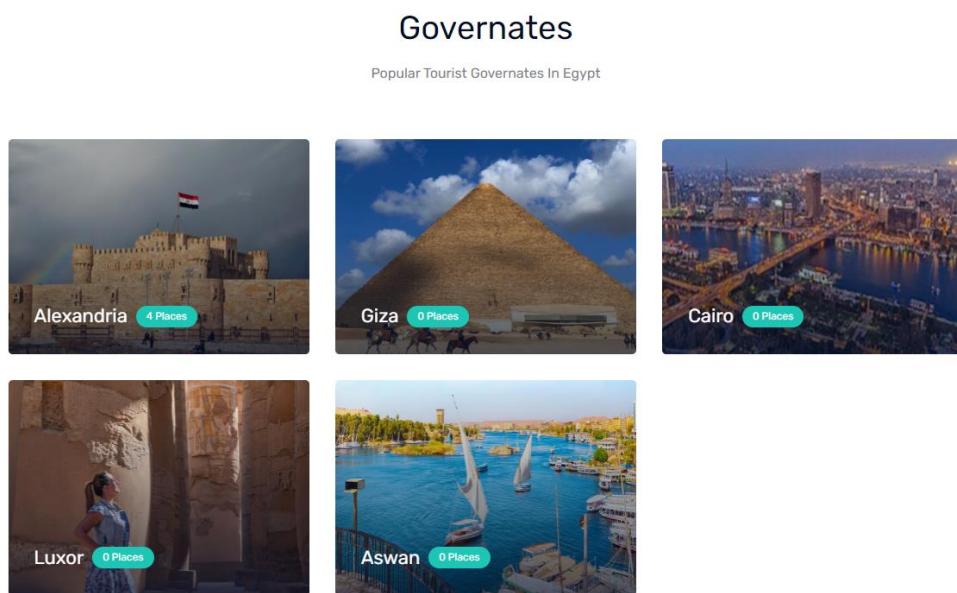

In this page the user can login with email and password after registration

✓ Header & Footer

The screenshot shows the footer of the Travel To Egypt website. At the top left is the 'Travel To Egypt' logo. To its right are links for Home, Tour Guides, Astro-Tourism Guide, Pages, About, Contact, and a 'Translate into Hieroglyphs' button. On the far right is a 'User' dropdown and a search icon. The footer itself has a dark background. On the left, there's a sidebar with the 'TRAVEL TO EGYPT' logo, a brief description, contact information, and social media icons. The main footer area contains three columns: 'Useful Links' (Home, About us, Services, Privacy policy), 'Our Services' (Governments of EGY, popular places in governments, tourguides, places recognition, work as a tourguide), and 'Our Newsletter' (with a placeholder for an email address and a 'Subscribe' button). Below these columns is a copyright notice: '© Copyright TRAVEL TO EGYPT. All Rights Reserved' and 'Designed by about Us Page'.

Library of Alexandria

Take a Tour Around the New Library of AlexandriaWatch later Share

Watch on YouTube

The Great Library of Alexandria in Alexandria, Egypt, was one of the largest and most significant libraries of the ancient world. The library was part of a larger research institution called the Mouseion, which was dedicated to the Muses, the nine goddesses of the arts.^[10] The idea of a universal library in Alexandria may have been proposed by Demetrius of Phalerum, an exiled Athenian statesman living in Alexandria, to Ptolemy I Soter, who may have established plans for the Library, but the Library itself was probably not built until the reign of his son Ptolemy II Philadelphus. The Library quickly acquired many papyrus scrolls, owing largely to the Ptolemaic kings' aggressive and well-funded policies for procuring texts. It is unknown precisely how many scrolls were housed at any given time, but estimates range from 40,000 to 400,000 at its height.

Everything About the Weather in Egypt 2024

The Climate of Egypt is very magical offering every traveler the chance to live the vacation of a lifetime. This article's main purpose is to provide every traveler with all the information and facts about the weather in Egypt. This article was written by a group of expert and skilled tour guides, tour operators, and travel consultants who understand all the details about the weather in Egypt.

The weather in Egypt has an arid Sahara climate which is generally sunny, but as being a part of the northern hemisphere, seasons in Egypt follow much of the same patterns as in Europe and the USA as winter is between November and January with an average temperature of 10° C (50° F) while the summer is between June & August with an average temperature of 40° C (104° F).

It is clear now that the best time to be in Egypt is during the northern hemisphere fall, winter, or Early Spring from October till April which you will have a variety of options to explore the allure and wonders of the mesmerizing country like a Nile cruise, camel ride, water-spots like diving & snorkeling and many more.

Firstly, the fall semester

The spring semester starts from September 23 to December 23 and is divided into three months: The hot winter season: - It begins on September 7 and ends on October 6, when the weather is hot during the day and mild at night, and the end of it is not without a cold breeze. It is dry and beautiful, and rain is rare, and it spreads in the same location as clouds. Heat culture is between 44 to 38 customs and the average is 41. Spring: Spring begins on October 7 and ends on November 6, and it is tilted. The building may be brown, but it gets moderate at the end, and the night is gentle and the atmosphere is very pleasant. The rain there is beautiful from the first days of the season, and then the temperatures there are between 40 and 32 Office 36 Pleasant autumn: It starts from November 7 to December 6. It is a pleasant autumn with moderate temperatures during the day and mild to relatively cool at night, but it is not very cold. The distinctive autumn rains are abundant and they are more intense and plentiful, and it is the best time for the season. Temperatures in it are between 35. To 25, the average is 30, and the low may reach 10 degrees.

Secondly, winter

The winter season starts from December 23 to March 21 and is divided into three months: Cold winter: It starts from December 7 to January 5. The day starts from mild to pleasant and the month ends with cold weather at night until very cold at its end. It enters the Murabbaniya and there is a lot of rain or fronts. Temperatures are usually between 30 to 20, the average is 25, the minimum is 25. It may reach 5 degrees. Peak winter: It starts from January 6 to February 5. It is the peak of the winter season in terms of coldness, as strong cold waves and strong, fast, frontal and crushing rains abound, although most of them are drought and cold. Temperatures are between 28 and 18, the average is 23, and the lowest may reach 5 degrees. There are many days with low temperatures at dawn, below 10The pleasant winter: It starts from February 6 to March 6, and it is the warmest of the winter months, as the days tend to be moderate, although the nights tend to be cold and pleasant, interspersed with spring rains, especially at the end of it.. Temperatures in it range from 33 to 23, the average is 28, and the low may reach 8 degrees, especially in its beginning.

Third, the spring semester

The spring semester begins from March 21 to June 21 and is divided into three months: Gentle spring: It starts from March 7 to April 6, when the temperature is moderate during the day and pleasant at night, and spring rains are possible. Temperatures range from 38 to 23, the average is 30, and the lowest may reach 10 degrees, especially at its beginning. Mild spring: starts from April 7 to May 6, when the weather during the day is hot and mild at night, interspersed with strong spring rains that are a mixture of the thermal factor and the rain of winter fronts. Temperatures range from 40 to 32, average 36. Hot spring: - It starts from May 7 to June 6, when the weather is hot during the day and the night is moderate, and calm and dryness prevail during it, especially at its end, and dust is abundant, which contributes to dulling the atmosphere.. Temperatures range from 43 to 35, average 39.

Fourth, summer

Dry heat: It starts from July 7 to August 6, when the weather is very hot, interspersed with hot days, and the weather at night tends to be hot, so that it is hot at first and hot after that. The summer rains are strong and the houses are very hot. The temperature is between 48 and 40 average, 44
Humid heat: It starts from August 7 to September 6, when the weather is very hot during the day and the night tends to be hot, but its temperature is milder than the dry heat. The chances of rain increase and it is more fortunate in terms of its persistence and the distribution of its precipitation areas. Temperatures are between 47 to 39. Average 43 After that, from September 7, we return to the hot autumn, after the night gives way to the day. The humid heat subsides, the heat decreases, and we enter autumn again. By the way, I did not take into account the seasons of the year, which are based on the movement of the sun, but rather I based them on human observations of heat, cold, and rain, and God knows best.

- ✓ Visa (the legal papers he need to visit Egypt)

Egypt Travel Visa

What is an Egypt Entry Visa

Egypt Travel Visa is the key to entering through the immortal gates of Egypt. This article's main purpose is to provide every traveler with all the information and details about Egypt Entry Visa, so every traveler can enter Egypt with ease and comfort.

All the facts and information in this article are written by a group of tour guides, tour operators, and travel consultants who have been working in the tourism business for more than two decades.

Egypt's travel visa is a document given to non-citizens allowing them to enter a foreign country and remain there within specific limitations like the time frame of entry, a limit on the time spent, and a prohibition against employment. **There are three different kinds of Egypt entry visas:**

- Visa-free.
- The visa on arrival.
- Egypt electronic visa (e-visa).

What Countries Are Allowed to Have A Free Visa to Egypt

There are 9 countries that are allowed entry to Egypt without a visa (visa-free) for 3 months:

Countries	
Bahrain	Hong Kong
Oman	Macao
Kuwait	Saudi Arabia
The United Arab Emirates	Malaysia
Lebanon at Borg El Arab Airport, Hurghada Airport, or Sharm el-Sheik Airport if arriving on a charter flight.	

What Countries Can Have A Free Visa to Egypt According to Certain Conditions

Country	Condition
Afghanistan	It is provided for being aged 50 years and above or 16 years and below.
Algeria	It is provided for being aged 14 years and below.
Libya	It is provided being a female national or for residents of Butnan District on Sundays and Mondays
Jordan	It is provided if holding a normal 5-year passport, and the passport does not contain a stamp from the Jordanian Registration Office on the reverse side cover of the passport (on page 60).
Lebanon	It is provided being aged 50 years and above or 16 years and below (for all of Egypt), the visa is not required for Alexandria and South Sinai (for all ages)
Morocco	It is provided for being aged 14 years and below.
Sudan	It is provided being aged 50 years and above or 16 years and below or being a female.
South Sudan	It is provided being aged 50 years and above or 16 years and below or being a female.
Tunisia	It is provided for being aged 50 years and above or 16 years and below.
Yemen	It is provided being aged 50 years and above or 16 years and below or traveling for medical reasons.
China	It is provided holding a return ticket, an upper-class hotel reservation, and an equivalent of USD 2000.

What is the Difference between a Single-Entry and Multiple-Entry Tourist Visa

There are two different types of Egyptian visas for tourists visiting Egypt. A single entry visa for a one-off excursion to the Arab Republic of Egypt, or a multi-entry visa for people traveling to and from Egypt regularly over a number of months.

The Single-Entry Tourist Visa The single-entry tourist visa gives travelers a 30 days stay in Egypt for tourism purposes. Once used to enter an Egyptian port of entry the e-Visa will be invalid for a 2nd use.

In order to travel to Egypt again, another valid e-Visa will need to be obtained. How much does Egypt Single-Entry Tourist Visa cost? It costs 25\$.

The Multiple-Entry Tourist Visa The multiple-entry tourist visa for Egypt allows more than one entry through the national borders over a six-month period. This permits the foreign citizen a cumulative stay of up to 30 days per entry during this period of validity.

How much does Egypt Multiple-Entry Tourist Visa cost? It costs 60\$.

What are the Countries that Can Obtain Egypt Visa Upon Arrival

Travelers can obtain a tourist visa on arrival at any airport terminal in Egypt. The visa on arrival allows the visitor 30 days in Egypt, In order to obtain it:

You have to be one of the eligible countries.

Also, have a passport with six months remaining.

You will need to pay the usual visa fee of 25\$ USD in cash (credit and debit cards are not accepted) at the Egyptian Airport, so make sure to have cash money on you at all times.

Eligible travelers are able to pay the fee in either US dollars, Euros, or British Pounds, and are advised to arrive at the Egyptian point of entry of their choice with the exact change to avoid delays.

Countries		
All European Union countries	United States	Australia
Georgia	Japan	South Korea
Macedonia	New Zealand	Norway
Russia	Serbia	Ukraine

The process of getting an Egyptian visa on arrival for US citizens is the same as that for EU passport holders and nationals of other eligible countries. The only difference is that nationals of certain EU states (including Belgium, France, Germany, Italy, and Portugal) can choose to show their national ID card instead of their passport.

Latest Updates for Egypt Visa Upon Arrival:

Egypt has increased its number of nationalities able to receive Egypt visas upon arrival to Egypt to more than 180 nationalities, **as long as they have a valid and used visa on their passports for:**

Countries			
The United Kingdom (England, Northern Ireland, Scotland, and Wales)			
United States	Japan	Switzerland	Australia
New Zealand	Austria	Belgium	The Czech Republic
Denmark	Estonia	Finland	France
Germany	Greece	Hungary	Iceland
Italy	Latvia	Liechtenstein	Lithuania
Luxembourg	Malta	Netherlands	Norway
Poland	Portugal	Slovakia	Slovenia
Spain		Sweden

Best Travel Tips to Egypt in 2024

Egypt Travel Tips is the ultimate guideline to help all travelers in Egypt enjoy the best of their vacation. The main purpose of this article is to provide every traveler with all the information and facts about all the tips to enjoy Egypt. This article was written by a number of tour operators, tour guides, and travel consultants who have more than two decades of experience in the Egyptian travel business. Travel Tips in Egypt will make the vacation very easy and enjoyable as every traveler will get to have all the time in the world to enjoy all the historical and cultural attractions in Egypt. Since the word vacation was invented, has always been the destination to be for tranquility, peace, exploration, and entertainment. So if you found yourself in Egypt then here are a few Egypt travel tips to make sure you have the perfect vacation.

What should I avoid in Egypt?

Not researching the culture country before you go. Not researching the locations and attractions you visit and which ones you should avoid. You don't pack culturally appropriate clothing. Not preparing for the weather. Not booking your Nile cruise first. Not hiring a guide for certain tourist sites. Traveling without a currency converter app. Avoid discussing politics or religion with the public. You forget to tip. Not haggling for shopping and taxis. Not packing the right medicines.

Where Should you go In Egypt?

Every traveler can head to the majestic cities of Cairo, Alexandria, Luxor, & Aswan which holds the Giza Pyramids complex, Khan El Khalili Bazaar, Cairo Citadel, the National Egyptian Museum, the catacombs, the Qaitbay citadel, Karnak temples complex, Hatshepsut Temple, Valley of the Kings, Philae temple, Kom Ombo Temple, Abu Simbel Temples, and many more plus the beautiful shores of the red sea city resorts such as Sharm El Sheik and Hurghada..

How much does it cost to Visit Egypt?

Egypt is one of the most affordable travel destinations as The Budget Tours range from \$390 to \$1099 while the Luxury Tours range from \$1099 up to \$3999 including everything without the international flight. For example, 8 days itinerary to Cairo, Alexandria, Nile Cruise between Luxor & Aswan plus Abu Simbel will cost about 2,400\$ including everything from international Airfare to Accommodations.

What is the best way to travel in Egypt

The best way to travel to Egypt is through Domestic flights, Nile River Cruises, and Private vehicles which will be arranged by your travel agency

What do I need to know before traveling to Egypt?

Every traveler must respect all the archaeological monuments and sites by not touching, scratching, or sitting on them as they are what remains of the ancient Egyptian heritage. You should dress conservatively despite the fact that there is no specific dress code in the cities, it is known that women will feel much comfortable if they cover their shoulders and do not wear shorts, plus this becomes very relevant when visiting mosques and churches. Drink a lot of water and apply sun cream to stand the heat and the sun. Despite the fact that hotels and main shops in the tourist areas would accept credit cards and foreign currencies, but smaller restaurants and stores are unlikely to do so especially when you go further into the tourist areas and the desert. Be careful when paying for souvenirs. Always keep your camera phone with you at all times. Always keep your professional tour guide and driver with you even when you go on a desert excursion. Always check the time of theensa time lock during your Nile cruise booking. Attend a sound and light show in Luxor along with the archaeological spots through the Nile. Focus on having a good time and don't take long to return to Egypt. Every traveler must respect all the archaeological monuments and sites by not touching, scratching, or sitting on them as they are what remains of the ancient Egyptian heritage. If you decide to do a tour by yourself, we highly recommend you take note of the main info like the hotel name, exact address, and phone number and carry it with you at all times.

He can see some popular words by Arabic and its meaning of English and any word or sentence

Ten Arabic words to help you with your vacation in Egypt is an essential tool during your vacation. The goal of this article is to provide every traveler with all the Arabic words and phrases needed during their vacation in Egypt. This article was written by a group of skilled team of tour guides and travel consultants who understand the values of knowing Arabic during a vacation in Egypt.

While arranging a vacation in **Egypt** you may think that it would be better if you learned Arabic to be able to communicate well with the locals there but that process is somehow difficult as there are tens of varieties in Arabic that depend on the geographical region and sounds differ from a place to another with the way of its pronunciation. So it is nearly impossible to learn all of the Arabic language varieties in Egypt and become a professional one at them and if you want the truth, you don't actually need to go through all of those unnecessary procedures as only a few words can enable you to communicate well with the locals.

Basic Arabic Words to Know When Traveling to Egypt

We have tried in this article to make it so much easier for you to be able to communicate with the Egyptians without learning all about the Arabic language, its accents, dialects, and its so many words and have provided below some of the most common Arabic words, expressions, and phrases that are used in Egypt daily and you should read the description of each one of them to know how to use them. [Here are the popular ten Arabic words and phrases for Egypt tourists:](#)

- ✓ 1. Sahab El-Kheir "Good Morning"
- ✓ 2. Shukran "Thank You"
- ✓ 3. Al-Salam Alaykum "Peace Be Upon You"
- ✓ 4. In Shaa Allah "God Willing"
- ✓ 5. Habiby "My Love"
- ✓ 6. Lazeez "Delicious"
- ✓ 7. Saedni "Help Me"
- ✓ 8. Aayez Ashrap "Want Some Water"
- ✓ 9. Yalla "Come On, Let's Go"
- ✓ 10. Etfadel "Come In"

1. Sahab El-Kheir "Good Morning"

Just like how you use the phrase "**Good Morning**" every day to your family, friends, and relatives, you can also use it but in its Arabic form that is pronounced as "**Sahab El-Kheir**". It is such a lovely phrase to use at public cafés, restaurants, taxi drivers, tour guides, receptionists, and any other one you love to greet him/her. You can say it with a smile and make sure that you will receive the best treatment ever. The answer to that greeting is usually "**Sahab El-Nor**" or "**Sahab El-Kheir**" also.

Some Useful Arabic Words And Expressions

What you looking for?

#	Word In English	Word In Arabic
1	Hello\Hi	السلام عليكم (Salaam Alekom) / مرحباً (Marhaban)
2	Welcome	أهلاً (Ahlan)
3	No	لا (Laa2)
4	Yes	نعم (Naam)

Conclusion

With all of those Arabic expressions, you will find out upon your arrival to Egypt that so many Egyptians actually know how to speak fluent English especially in tourist spots and you won't find any difficulty in contacting them. So be yourself and try to make your speech & requests so clear with the locals for successful communication and last but not least, choose one of our [Egypt travel packages](#) to be among our satisfied customers who enjoy their best time in Egypt.

List of Foreign Embassies and Consulates in Egypt

Traveling to Egypt has become some sort of fashion trend due to the tourism innovation that the country is witnessing today. It has gained the title as the most affordable travel destination in the world which was the host of about 15 million tourists from all over the world. That's why it is very important to be aware of all the embassies and consulates of your country in Egypt. Embassies and their branch consulates are very helpful during routine administration and emergency situations plus they help citizens of their home country with working, living, and traveling overseas. Embassies are the main representatives and agents of their home country, while consulates are considered to be additional diplomatic offices. Knowing the location of the embassy or consulate of your country's embassy will be the key to enjoying the necessary assistance on any matter such as Processing visa applications, notarizing certain documents, issuing first-time passports & emergency travel documents, renewing expired passports, amending passports to show change of name, validity, or to correct errors, and more services. Here is the list of the diplomatic missions in Egypt which include 128 embassies and 15 consulates.

✓ About page

Our Story

Business owners need to create a tourism company website to achieve the following goals: Attract new customers An attractive website helps attract customers' attention and keep them on your site for a longer period of time, thus learning about the tourism programs and services provided by the company. Book tourism programs The website includes a section dedicated to tourist trips that contains all the trip details. Customers can browse this section, view the programs and book them. Introducing new offers The company can add new offers on tourist trips in its own sections on the website, and it can also be sent automatically to customers who subscribe to the website's email service. Providing continuous customer service Through the website, customers can communicate with you throughout the day and you can provide assistance to them, unlike traditional methods of customer service such as visiting the company headquarters or the tourism office..

5.4 Testing Scenarios

5.4.1 Front-End Testing

✓ User Interface (UI) Testing

• Navigation and Layout

- Objective: Ensure intuitive navigation and consistent layout across different devices and browsers.

- Steps

1. Access the platform on desktop, tablet, and mobile devices.
2. Verify the visibility and functionality of navigation elements (e.g., menus, buttons).
3. Check responsiveness and adaptability of UI components to various screen sizes.

• Accessibility

- Objective: Evaluate accessibility features to ensure inclusivity for all users.

- Steps:

1. Use accessibility tools (e.g., screen readers) to navigate the platform.
2. Verify text alternatives for non-text content (images, icons).
3. Test keyboard navigation and ensure all interactive elements are accessible.

✓ Functionality Testing

• User Registration and Login

- Objective: Validate the registration and login processes for different types of users (Tourists and Tour guides)

- Steps:

1. Register a new user account with valid details.
2. Verify email confirmation or account activation process.
3. Log in with registered credentials and ensure authentication is successful.

- **Payment process**

- Objective - Objective: Test whether the payment process is performed correctly.
- Steps:
 1. Log in as a tourist.
 2. Go to the Trips section.
 3. Fill out the payment form (visa details, bank account name, expiration date).
 4. Confirm the invoice and ensure that the payment process is completed successfully.

- ✓ **Usability Testing**

- **User Experience (UX) Testing**

- Objective: Assess overall user experience and ease of use on the platform.
- Steps:
 1. Recruit representative users (Tourists, Tour guides) for usability testing.
 2. Provide tasks such as add a comment OR paying for a tip.
 3. Observe user interactions, note any usability issues or confusion, and gather feedback.

- ✓ **Cross-Browser Compatibility Testing**

- **Browser Compatibility**

- Objective: Ensure the platform functions correctly across different web browsers.
- Steps:
 - 1 Test platform functionality on major browsers (Chrome, Firefox, Safari, Edge).
 - 2 Verify consistency in layout, navigation, and functionality across browsers.
 - 3 Identify and address any browser-specific issues or discrepancies.

✓ **Performance Testing**

- **Load Testing**

- Objective: Evaluate platform performance under expected load conditions.
- Steps:
 - 1 Simulate multiple concurrent user sessions accessing different functionalities.
 2. Monitor response times and server performance metrics (CPU usage, memory usage).
 3. Ensure the platform remains responsive and stable without significant delays or errors.

✓ **Security Testing**

- **Data Security**

- Objective: Validate security measures to protect user data and transactions...
- Steps:
 - 1 Check for HTTPS encryption and secure connections throughout the platform.
 2. Ensure user authentication and authorization mechanisms are robust.

✓ **Compatibility Testing**

- **Device Compatibility**

- Objective: Ensure the platform functions correctly across different devices (desktop, tablet, mobile).
- Steps:
 - 1 Test platform responsiveness and usability on various devices with different screen sizes and resolutions.
 2. Verify touch-screen interactions, navigation menus, and form submissions on mobile devices.
 3. Address any layout or functionality issues specific to certain devices.

5.4.2 Back-End Testing

1. Registration Unit Test for Tourists:

- ✓ Test that a new tourist can successfully register with valid credentials (e.g., name, email, password, country).
- ✓ Test that the registration process prevents duplicate email addresses from being registered.
- ✓ Test that the registered tourist's information is correctly stored in the database.
- ✓ Test that the registered tourist can log in with their credentials.

2. Registration Unit Test for Tour guides:

- ✓ Test that a new tour guide can successfully register with valid credentials (e.g., name, email, password, governorate).
- ✓ Test that the registration process prevents duplicate email addresses from being registered.
- ✓ Test that the registered tour guide's information is correctly stored in the database.
- ✓ Test that the registered tour guide can log in with their credentials.

3. Login Unit Test for Tourists and Tour guides:

- ✓ Test that a registered tourists can log in successfully with valid credentials.
- ✓ Test that a registered tour guides can log in successfully with valid credentials.
- ✓ Test that the login process rejects invalid credentials (e.g., incorrect email or password).
- ✓ Test that appropriate error messages are displayed for failed login attempts.

4. Access Control Unit Test:

- ✓ Test that only authenticated users (tourists and tour guides) have access to specific functionalities (e.g., booking trips, searching in landmarks).
- ✓ Test that unauthorized users (unregistered users) are prevented from accessing functionalities reserved for registered users.
- ✓ Ensure that when the administrator is logged in, the Profile click disappears and the Dashboard click appears

5. Test payment method:

- ✓ Test to ensure that the payment platform accepts payment requests.
- ✓ Test receiving the link that displays the payment interface

- ✓ Testing to ensure that information related to the bill (such as the tourist's name, flight, and telephone number) is correctly stored in the database.

6. Test messages transfer:

- ✓ Test to make sure messages appear to users.
- ✓ Test the ability to respond to send messages
- ✓ Test to ensure that the written message is stored in the database.

7 Comprehensive system testing:

- ✓ Comprehensive integration testing to ensure features.
Registration, login, information display, hieroglyph translation and notifications work together seamlessly.
- ✓ This test is performed after passing all unit tests to ensure that the unit is completely safe the application works properly.

Chapter 6

Conclusion&

Feature work

6.1 Conclusions

The site has facilitated the process between the tourist, tourism companies and tour guides.

The tourist can easily communicate with the companies and see trips and tourist places. He can book any trip and pay through the site.

He can also communicate with the tour guide and book tourist trips with him to places.

It is an ancient tourist attraction, and this enhances tourism in Egypt.

Tourism is considered one of the most important sources of income in Egypt, and many people can also learn about the civilization of Egypt and the culture of its people, all of this through the “Egy Guide” website.

6.2 Future work

1. Expand our business activity

Soon, we will start organizing tours ourselves instead of partnering with other tour organizations.

- Why this change?

We plan to take this step to ensure we provide the best possible experience to our customers. By organizing trips ourselves, we can:

- Better quality control
- Ensuring the highest level of service is provided.
- Choose the best tourist sites, hotels and restaurants.
- Providing customized tours that meet the needs and desires of customers.
- Greater flexibility in offers:
- The ability to design customized trips for each client.
- Easily modify flight schedule based on customer requests.
- Providing special and exclusive offers.
- Direct communication with customers:
- Providing continuous support before, during and after the trip.
- Better understanding of customer expectations and reactions.
- Building strong and sustainable relationships with our clients.

2. Local experiences

Utilize emerging technologies such as virtual reality (VR) for virtual tours of historical sites, AI-driven chat bots for instant customer support, and data analytics to understand user behavior and preferences better.

3. Comprehensive information center

Provide travelers with accurate, detailed, and up-to-date information about cultural destinations, events, local regulations, and transportation options. Our goal is to make your travel planning easier, more informed, and ultimately more enjoyable.

- What to Expect from Our Comprehensive Information Center?
 - Accurate and Updated Information
 - Event Listings
 - Local Regulations
 - Local Regulations
